Good morning. Taylor is in a trial that is scheduled through December 14. I do not have any information with regard to the disposition of Beeqb's mining equipment from the Gaffney facility. I have included Mr. Speer on this email and would ask that when he has a chance that he would reach out to you regarding this matter.

Filipp, I will pass Mr. Eliseev's contact information along to Blockquarry. And Blockquarry agrees with your client's view; the utility unnecessarily and unjustifiably restrained all personal property on the Gaffney site—hence the litigation. Best,

Taylor,

From our client's point of view, his equipment remained unnecessarily blocked at the facility, and he could not transfer it to another service provider. We appreciate your willingness to step in and distribute equipment now. We can reduce your client's expenses by transporting BEEQB's equipment directly from the Gaffney facility ASAP.

Please pass to your client the phone number of the BEEQB owner, Maxim Eliseev: +1 786 202 9487, and the email of his associate, Konstantin: kuznetsov.const@gmail.com.

Best Regards,
Filipp

Filipp, the conclusion of the federal lawsuit demonstrates Blockquarry also "had no liability whatsoever." Note *only* Blockquarry stepped up to ensure the personal property on the Gaffney site was not harmed or wasted by the utility's unjustified conduct. And Blockquarry expended considerable legal expenses in that effort. I am happy to pass BEEQB's contact along to Blockquarry, and Blockquarry can communicate, if it desires. In any event, I'm informed you will hear from me as described below. Best,

Also, my client would like to communicate directly with your client in order to speed up the process and reduce your client's costs on unnecessary transportation and testing.

Can you provide the contact so I can pass it on to my client, or can we arrange a joint call this week? We want to do this as fast as possible since our client has been losing money with idle equipment for almost a year now due to a lawsuit in which he had no liability whatsoever.

Best Regards,
Filipp

Hi, Filipp. At the moment all personal property from the Gaffney premises, including miners, is being transferred to Blockquarry's new site. When the property arrives at its intended location, Blockquarry will inventory and test it. There was no electricity available at the Gaffney site. When Blockquarry's inspection is complete, I will advise you and your colleagues of the same. Best,
